

Thursday June 25th

Welcome, Introduction

08:00 - 08:10 Welcome, Introduction | Michael.S Benninger MD, Pierre Squara Medical Director of the Ambroise Paré Group - Hartmann, Jean Abitbol MD

Glottic Space: Neuromuscular impact to Medialization Chair : Tassos Hantzakos (UAE)

08:10 - 08:20 Science sound makers | Tassos Hantzakos
 08:20 - 08:30 Paraglottic space myths | Hazem Saleh
 08:30 - 08:40 Neuromuscular balance | Carmen Gorriz
 08:40 - 08:50 Visual Neurolaryngology | James Thomas
 08:50 - 09:00 Male vs Female framework | Nicolas Maragos
 09:00 - 09:10 Myoneurectomy for abductor spasmodic dysphonia | Domingos Tsuji
 09:10 - 09:20 Vocal fold paresis | Daniel Novakovic

Papilloma - RRP Chair : Marvin Fried (USA)

09:20 - 09:30 RPP: epidemiology | Fred Dikkers
 09:30 - 09:40 RRP & web | Karen Kost
 09:50 - 10:00 RRP Challenges | Karen Zur
 10:00 - 10:10 RRP Management Issues | Handa K.K.
 10:10 - 10:20 RPP Immunity and Vaccine Advances | Michael.S Benninger MD
 10:20 - 10:30 Shifting Paradigm in RRP: From Chronic Suppression to Curative Intent | Samit Majumdar
 10:30 - 10:40 How I will do it: Papilloma in singers | Anca M. Barbu

Coffee Break with Sponsors

Challenging laryngeal conditions involving glottic, supraglottic and subglottic levels Chairs : Guillermo Campos (Clombia) & Guri Sandhu

11:10 - 11:20 Overview subglottic stenosis | Lynn Biserod
 11:20 - 11:30 SGS in awake patient anterior glottic web and stenosis | Isabell Garcia
 11:30 - 11:40 Microflaps for cysts | Ezzat Merwad
 11:40 - 11:50 Semi-occlusion exercises for nodules | Kristiane Van Lierde
 11:50 - 12:00 Posterior Glottic web | Tanner Ylmaz
 12:00 - 12:15 How to handle Laryngeal stenosis | Ihab Atallah
 12:15 - 12:30 Discussion: Expert synthesis and future perspectives | Guri Sandhu

Lunch with Sponsors IAP Board of Directors Meeting (Room Marie Curie)

Update in Medialization Chair: Thomas Carroll (USA)

13:30 - 13:40	Vocal fold paralysis Medialization Injection Techniques Thomas Carroll
13:40 - 13:50	Injection augmentation Vocal fold paralysis in office techniques and complications Jennifer Anderson
13:50 - 14:00	Vocal fold paralysis: Framework surgery Yakubu Karagama
14:00 - 14:10	Vocal fold paralysis: what kind of implant? Theodore Athanasiadis
14:10 - 14:20	Re-innervation for bilateral vocal fold paralysis Kate Heatcote
14:20 - 14:30	Discussion: key words on Medialization Sophie Périé

Fall Voice: Dysphonia after airway injury, Thermal, intubation, stenosis

14:30 - 15:30	Fall Voice: Dysphonia after airway injury, Thermal, intubation, stenosis Moderator: Gregory Dion Panel: Lyndsey Madden, Amanda Gillespie, Karla O'Dell
---------------	---

Coffee Break with Sponsors

Anatomical, physiological principles of the vocal folds and phonosurgery approach Chair : Markus Hess (Germany)

Anatomical and physiological principles of the vocal folds

16:00 - 16:15	Phonosurgical Anatomy & Histological structure Robert.T Sataloff MD
16:15 - 16:30	Biomechanics parameters of the vocal folds Jack Ji Ang
16:30 - 16:45	Stroboscopy vs High Speed videolaryngoscopy Rita Patel

Phonosurgical tools which one to use and why

16:45 - 17:00	Laser and Lasers Guillermo Campos MD, Markus Hess MD
17:00 - 17:10	KTP leukoplakia Surgery Karuna Dewan
17:10 - 17:20	Coablation in Laryngeal disease Seth Kaplan
17:20 - 17:30	Microdebrider Michael.S Benninger MD
17:30 - 17:40	Which technique is currently favored for papilloma removal? Mausumi Syamal
17:40 - 17:50	Laser and histology Denis Lafreniere
17:50 - 18:00	Discussion

Friday June 26th

Live Phonosurgery

Chairs: Frédéric Chabolle (France) & Robert T. Sataloff (USA)

- 08:00 - 08:10 Welcome | Robert.T Sataloff MD, Jean Abitbol MD
08:10 - 10:10 Live Phonosurgery
Augmentation, Medialization, Polyp, Reink's edema, Corpectomy type 1, Cyst...
Surgeons: Jean Abitbol, Sébastien Albert, Patrick Abitbol
Michael Benninger and Karen Kost - Surgical peer commentators from the Operating Room

Coffee Break with Sponsors

- 10:40 - 11:50 Live Phonosurgery
Augmentation, Medialization, Polyp, Reink's edema, Corpectomy type 1, Cyst...
Surgeons: Jean Abitbol, Sébastien Albert, Patrick Abitbol
Peak Woo and Marcus Hess Surgical - peer commentators from the Operating Room
11:50 - 12:00 After surgery, what about voice Rest | Robert.T Sataloff MD

Anesthesia technique

Chair : Haldun Oguz (Turkey)

- 12:00 - 12:10 Anesthesia: How we did it this morning? | Pierre Dao, Olivier Belze
12:10 - 12:20 Tubeless Anesthesia | Georgina Harris
12:20 - 12:30 Nuances of anesthesia for laryngeal surgery | CJ Bahniwahl
12:30 - 12:40 Mutual Consent for Phonosurgery on Voice Professionals | Seth Dailey

Symposium Precigen and RRP

Michael Benninger

- 12:40 - 13:05 Symposium Precigen and RRP | Michael.S Benninger MD

Lunch with Sponsors

Focus: Operating room & Office Surgery

Chair: Frédéric Chabolle (France)

- 14:00 - 14:10 Office Injections | William Tierney
14:10 - 14:20 Rejuvenation & Injection | Abdul Latif Hamdan
14:20 - 14:30 Limits of Office Surgery | Ken Altman
14:30 - 14:40 Fibroblasts for paresis, scar & regenerative techniques | Antoine Giovanni PhD
14:40 - 14:55 Fibroblast growth factor for paresis | Shigeru Hirano, Yoichiro Sugiyama
14:55 - 15:10 The Larynx's Inner World: Microbes, Immunity, Science of Voicing | Susan Thibeault

New frontiers: Emerging Techniques in Voice research

Chair: Peak Woo (USA)

- 15:10 - 15:35 Artificial Intelligence
Debate: Cognitive illusion or Reality When the Brain Shapes Perception - Yael Bensoussan vs Claudio Milstein
Moderator: Peak Woo | Claudio Milstein, Yael Bensoussan
15:35 - 15:50 Redefining Laryngological Surgery with VITOM® Eagle and OR1® | Tetsuji Sanuki
15:50 - 16:00 Limits of Phonosurgery & Robotics | Stephan Hans
16:00 - 16:05 4 D Voice CT Scan | Rodolphe Gombergh

Coffee Break with Sponsors

New frontiers: Emerging Techniques in Voice research Chairs: Gayle Woodson (USA) & Marshall Strome (USA)

16:35 - 16:55	Neurolaryngology: Voice & Neurons Gayle Woodson
16:55 - 17:30	Laryngeal Transplant Moderator: Marshall Strome Panel: Sébastien Albert, Philippe Céruse, Jean Paul Marie, Zheng Jiang
17:30 - 17:45	Discussion: Expert synthesis and future perspectives Marshall Strome

Saturday June 27th

Voice Injuries Chair: Lance Maron (South Africa)

08:00 - 08:15	3D Anatomy and Phonotrauma Yonathan Lahav
08:15 - 08:25	Acute Performer Injury Andrea Campagnolo
08:25 - 08:40	Reversing Vocal Injuries Debbie Phyland PhD
08:40 - 08:55	Coughing and Voice Injury Tom Murry PhD
08:55 - 09:40	Panel: Video Cases Presentations when and why to proceed with phonosurgery for Voice Professionals Moderator: Karen Kost Panel: Guillermo Campos, Lance Maron, Debbie Phyland, Adam Rubin

Coffee Break with Sponsors

From Expertise to Legacy Translation to Practice: Insights from Experts Chairs: Yonatan Lahav (Israel) & Patrick Abitbol (France)

10:20 - 10:30	Reinke's Edema Abdul Latif Hamdan
10:30 - 10:40	Hemorrhage of the vocal fold Lance Maron
10:40 - 10:50	Benign Lesions and Office Surgery Erwan De Mones Del Pujol MD
10:50 - 11:00	Sulcus Vocalis Peak Woo MD
11:00 - 11:10	Anterior Web Michael.S Benninger MD
11:10 - 11:25	Papilloma evolution from pediatric to adult Nicolas Leboulanger MD
11:25 - 11:45	Corpectomy Vs Radiation for Early Glottic Cancer Sebastien Albert MD, Marc Bollet

Panel Scar and Healing Chair: Robert T. Sataloff (USA)

11:45 - 12:30	Scar and Healing Moderator: Robert. T Sataloff MD Panel: Peak Woo, Tassos Handtzakos, Thomas Carroll, Mara Belhau
12:30 - 12:40	Psychologic Approach in Singers after Phonosurgery Mara Behlau PhD
12:40 - 12:50	Voice rest between voice performances Linda Carroll

Lunch with Sponsors

Assessment and Management of Voice Professionals Chairs: Adam Rubin (USA) & Frédéric Chabolle (France)

13:30 - 13:40	Nutrition and voice singers Eugenia Chavez
13:40 - 13:50	Recent Advances in Dietary and Lifestyle Management of Gastroesophageal Reflux Jonathan Aviv
13:50 - 14:00	The Pathophysiological Nexus Between Obstructive Sleep Apnea, Reflux, and Voice Function Jonathan Aviv
14:00 - 14:10	Obstructive Sleep Apnea: Effects on Laryngeal Function and Voice Quality Frederic Chabolle MD
14:10 - 14:20	Obesity-related Voice Changes Abdul Latif Hamdan
14:20 - 14:45	How to Warm Up Your Voice Assessment and Management of Voice Professionals William Riley
14:45 - 14:55	Voice rest between voice performances Linda Carroll
14:55 - 15:10	Evaluation of sudden vocal injury & Management Gwen Korovin
